**BY: KHOJI**

# **Universal Religion**

## **Introduction**

**By: Khoji**

Readers will find that I have not gone into details of conventional religions.

These numerous religions, with their sects and sub-sects, have already been fully described in hair-splitting details, with concrete instructions and directions, in the massive religious literature and scriptures of the world.

Countless libraries, religious institutions and Universities are already imparting and propagating religious knowledge. Some Universities have also instituted Departments or Chairs for the study and research of religions.

In other words, there is no dearth (shortage) of intellectual knowledge of religion in the world, and every body seems satisfied and complacent about his or her own religious knowledge.

Some 'thinkers' have even deeply studied religions, other than their own.

With the plethora (overabundance) of religions knowledge and literature in the world, it would look superfluous and absurd to make

an attempt to write another intellectual treatise about various conventional religions. Apart from this, it will be unwise to open 'Pandora's Box' of religions, when the atmosphere all around, is fully charged with communal strains and emotional elements of:

Intolerance,  
Prejudice,  
Bigotry,  
Jealousy,  
Pride,  
Hatred, and  
Strife.

I have therefore tried to confine myself to the general and sublimer aspect of religion, and have concentrated on the core **quintessence (essence)** point – inherent in all religious concepts.

This article is a 'Love-gift' to the devoted Aspirants of Spirituality, who are sincerely working in the pursuit of Divinity, but are **confused and bogged down** in the maze of superfluous, illusive, bewildering, controversial religious ideologies, concepts and beliefs!

These confusions and controversies about religious concepts arise from our intellectual incompetence and ignorance of the spiritual world.

Our limited intelligence can – at best – take us to the outer courtyard of the Divine Realm, but not beyond that.

The blind man's knowledge is limited to what he perceives through his

outer sense, but cannot grasp the complete and true perception of the world of Light.

Similarly, our intelligence is incompetent to perceive the **Immanent Divine Light** or to realise the **Wonders of the Spiritual World**.

The knowledge of the Divine Realm Can only be realised by the Insight or Consciousness of our Souls, called '**Intuition**', which is also called the '**Third eye**'.

Until and unless this 'Insight' or 'Intuition' is developed and the soul is blessed with a glimpse of **Divine Grace and Light**, there are bound to be:

Differences,  
Controversies,  
Discord,  
Confrontation, and  
Bigotry

amongst various religions, and between 'Outer Religion' and 'Spiritualism'.

Very few persons take up religion seriously, but even these few are:

Misguided,  
Distracted,  
Confused,  
Diverted, and

Carried away,

from the real Essence of Religion, and are bogged down or lost in the maze of conventional religions and their:

norms and forms  
dogmas and creeds  
rites and rituals,  
sermons and ceremonies,  
logic and theology,  
reasoning and philosophies,  
superstitious obsessions,  
obdurate bigotry,  
fanatic aberrations,  
wrong conceptions,  
illusive achievements, and  
hypothetic goals.

Even if a rare soul outgrows and transcends these outward religious obsessions, and rises to the higher consciousness, it is liable to be **distracted and bogged down** in some of the following phases of occult plane:

Imaginary hypothetic Visions,  
Emotional flights of thoughts of the Unseen,  
Reveries of fanciful notions,  
Playing with psychic powers,  
Clairvoyance & prophecies,  
Large number of followers,

Religious ashrams and institutions,  
Sufferings of ascetic life,  
Illusory spiritual achievements,  
Niceties of spiritual knowledge,  
Nothingness of Yogic Trances, and  
'mutki' or salvation from the cycle of birth & death.

Such souls are so involved and absorbed in the emotional exercises of their occult powers, that they become obsessed with their religious and occult attainments, and become oblivious or ignorant of any higher spiritual vision. All these emotional and imaginary achievements , visions and occult powers are based on egoistic foundation, and revolve around the lower consciousness of 'I' and 'Me'. Hence they belong to the cosmic world and are devoid of the touch of **Divine Grace & Light**.

In fact, these occult visions and powers are **enchancing mirages**, in which most of the Yogies are caught and trapped, which prove a great hindrance for their further advancement towards the true spiritual goal.

It is therefore obvious, how difficult or impossible it is for an aspiring soul, to **overcome by himself**, the powerful gravity of 'Maya', and to **transcend** both the religious and occult **barriers of distractions and misconceptions**.

Only Illuminated & Blessed souls of Divine Vision can guide and introduce the aspiring soul into the higher consciousness of spirituality, to enable him to enjoy the inner experiences of Divine Bliss and Grace.

This inner intuitional experience of the soul comprise of:

1. Intuition and Divine Vision
2. Vibrating thrill of Divine Touch
3. Intoxication of Divine Bliss
4. Infatuation of Celestial Music
5. Secret and sacred Flame of divine Light
6. Ecstasy of Divine Love
7. Cosy Warmth of Divine Presence
8. Glory of the divine Efflorescence
9. Bewitching & captivating Divine Beauty
10. Sweet Caresses of Celestial Grace
11. Soothing peace of Celestial Silence
12. Dancing Joy of Divine Grace

This is the:

True,  
Eternal,  
All-embracing,  
Living,  
Vibrating,  
Practical, and  
Joyful

UNIVERSAL RELIGION of all souls.

# Universal Religion

## Chapter 1

**By: Khoji**

Religions were created to inspire and guide the inner consciousness of man, and to transform it:

From animality to 'humanity'

From humanity to 'nobility'

From nobility to 'spirituality'

From spirituality to 'the angelic'

From the angelic to 'God-Consciousness'

But, generally, we, the so-called religious people, **do not transcend** these planes of consciousness, and tend to continue in our usual materialistic way of life.

Religion is to be **lived and practiced** with every breath, and should be **reflected and manifested** in all aspects of life.

If religion does not **transform our consciousness** and make a **better and nobler man of us**, then the adoption and profession of religion becomes:

Hypocrisy,

Superfluous,

Showy,

Meaningless,  
Farce,  
Self-deceiving,  
Bigotry,  
Egoistic, and  
A mockery!

In fact, Religion is meant to provide a **link between God and man**, and **between 'man and man'**, but when the **emphasis is more on:**

Norms and forms,  
Creeds and dogmas,  
Rites and rituals,  
Conformity and conduct,

Rather than on GOD and HIS LOVE, then, Religion itself becomes a **hindrance** between Man and God, and a **wall** between man and man.

Religion is NOT merely **intellectual** –

Belief,  
Faith,  
Theology,  
Dogmas,  
Rites,  
Rituals,  
Ceremonies,  
Discussions,  
Do's,

Don't's,

**Or, to be**

Learned,

Practiced,

Adopted,

Owned,

Professed,

Possessed,

**just to satisfy our false** sense of egoistic imaginations and hypothesis.

Various religions,

Numerous sects and sub-sects,

Ever changing dogmas and beliefs,

Divergent interpretations,

Different intellectual presentations,

Changing rites and ceremonies,

Contradictory practices,

through the ages – are proof of

imaginative,

superfluous,

hypothetical,

illusive

nature of **fickle ideology, belief and conception** about God and religion!

These mental beliefs and dogmas merely **remain an 'obsession' of mind** and is manifested in hair-splitting discourses and discussions of theories and philosophies.

This obsessional religious zeal often **explodes** into emotional **fanaticism**, causing untold sufferings and destructions.

In our **narrow-minded religious ignorance and bigotry**, we have **reduced** 'Religion' to:

Selfishness,  
Egoism,  
Partisanship,  
Showmanship,  
Bargaining,  
Shop-keeping, and  
Commercialism!

**'Religion' denotes:**

goodness  
compassion  
kindness  
fairness,  
charity,  
nobility  
forgiveness  
tolerance

co-existence  
magnanimity  
service  
affection  
love  
happiness  
health  
prosperity  
peace  
bliss

and **all other sublime virtues of Divinity.**

If our thoughts and actions do not **reflect these sublime virtues**, we denigrate and **malign** our adopted religion, and **make a mockery of it!**

**'Religion' is opposed, contradictory and antithetic to:**

selfishness  
unkindness  
injustice  
corruption  
malice  
hatred  
envy  
prejudice  
avarice  
jealousy  
anger

aggression  
wickedness  
strife  
enmity  
cruelty  
sensuality and  
egoism.

**Attachment** to anything in the world, is like a 'screen' between God and man. We keep up such **screens of separation** with **tenacity and determined application**.

We cling to religion as:

An ornament  
Embellishment  
Certificate of credibility  
Testimonial  
Appendage  
Fashion  
Feather-in-the cap!

**So God stays away from us – as we simply do not 'need' Him yet!**

When we actually feel the **need for Him, yearn and cry for Him and His Love**, 'Religiosity' is **torn asunder**, and **universal aspect of religion shines forth with the grace of God and is perceived and realised in full glory of Divine Light and Love!**

In fact, religion is generally adopted for:

Respectability

Solace

Material gain

Selfishness

Camouflage for our Karmas

Boosting the ego

Escape from 'Satan', and

Salvation from rebirth,

**But, NOT with a flame of 'Love of God in the Heart'!**

Any religion which preaches, propagates and encourages directly or indirectly:

Discord

Hatred

Division

Repulsion

Harm

Conflict

Confrontation

Bigotry

Violence

Crusades

Superior complex

Exclusiveness

Partisanship and

Parochialism,

## **Is not worth being called a 'Religion'!**

During the ages, the 'consciousness' of man got –

Bogged down,  
Fascinated,  
Attracted,  
Absorbed,  
Entangled and  
Lost

in the **glittering illusion of 'Maya'**, entirely forgetting the original **golden thread of Divinity** running through the cosmos.

Consequently, our changing, imperfect, limited, whimsical '**intelligence**' becomes the '**base**' of our so-called religions.

All ideologies or beliefs, **based on such imperfect fickle intelligence**, can also be:

Superfluous  
Imaginary  
Illusive  
Hypothetical  
Whimsical  
Variant  
Opposite  
Contradictory and

Controversial.

**This explains the emergence of:**

So many religions,  
Numerous sects and sub-sects,  
Ever-changing dogmas and beliefs,  
Different rites and rituals,  
Divergent religious approaches,  
Contradictory teachings,  
Confronting ideologies and beliefs,  
Bigotry,  
Religious communalism,  
Religious fanaticism,  
Religious hatred,  
Religious strife,  
Religious confrontation,  
Religious enmity,  
Religious atrocities,  
Religious crusades,

And what not!

It is strange and **ironical** that man with—

1. all his physical, intellectual, emotional advancement, and **boastful modern civilization**
2. **proliferation (creation)** of numerous religions into various sects and sub-sects

3. **profusion (abundance)** of religious knowledge and philosophy
4. hair-splitting discussions and discourses about religions, ideologies and theories
5. **Plethora (surplus)** of religious books and scriptures
6. **un-ending exhortation and propagation** of religious sermons and dogmas through modern scientific electronic **gadgets**
7. **multiplication and exaltation** of religious temples and institutions
8. **surfeit (flood)** of so called God-Men or 'Sadhus',

**has failed to:**

comprehend

realise

grasp

recognise and

identify

**the subtle difference between:**

1. the 'One' universal '**Religion of Love**' or '**Nam**' of the **Divine Realm** and
2. various dogmatic religions of the world.

In fact, 'Religion' is two-pronged or two faced:

1. One aspect of it, is the outer religion, which we term as 'Karm-khand' or dogmatic religion of rituals
2. the other aspect is the 'esoteric Religion', i.e. inner universal religion of **the soul**.

The former is a **'means'** to achieve the latter, which is the **ULTIMATE END** of our religious journey.

The only object of 'Religion' is to:

Encourage

Stimulate

Induce

Motivate

Inspire and

Drive

The soul to **'turn inward'** – deeper and deeper – until we arrive at the **ULTIMATE DEPTH** – the Divine Home of the soul.

If the outer 'ritual religion' does not **inspire and take us** to the Ultimate Divine Realm, it becomes **meaningless**.

It is a pity that with all his intellectual knowledge and scientific achievements, **man is still ignorant or conveniently complacent of the Truth about 'God' and Religion!**

In fact, man's misguided intelligence, **galvanized (stimulated) with illusive 'Maya'**, is the **cause of misconceptions and confusion about 'God', 'Religion', or things pertaining to the Divine Realm.**

# Universal Religion

## Chapter 2

By: Khoji

'Things Divine' are beyond the comprehension or grasp of our limited intelligence. They can only be **perceived or realized** by the '**insight**' of the Soul – called '**Intuition**' or the '**Third eye**' – in the sublime company of the **Illuminated Souls**, i.e. Sadh Sangat.

When we try to understand secrets of the Celestial World, they hazy **vision** of our limited intelligence, we **mix up and confuse the things of the two different worlds**, and **get confounded**, resulting in:

Differences

Confusion

Controversies

Confrontation

Ill-will

Hatred

Bigotry and

Hypocrisy

**in regard to 'God' and 'Religion'.**

The outer religions comprise:

Logic

Learning  
Scripture quoting  
Convincing discourses  
Hair-splitting philosophies  
Rites and  
Ceremonies.

The intellectual preacher of this outer religions lives in the world of senses, and by his **clever logic & theories**, builds convincing systems of religions out of meagre details, writes brilliant treatises (articles), but he is **'NOT LIVING'**, as he is **not in touch with the Higher ones**; he knows them **not**, nor has he the **'eye' of faith** to see the Real Divine Realm of Bliss, Joy, Peace, Love & Glory.

Religion is meant to:

1. **transcend** mind, heart and intelligence
2. **transform** intellectual theories and philosophies into practical religion
3. **remould** the man in the 'Image of God' – as God **intended him to be**, and
4. **elevate** the consciousness of man from materialistic world to the Divine Realm.

God is Man's elemental need, and religion is a psychological necessity.

God is the ultimate fulfillment of life.

The Divine Religion is the **innate heritage of every soul**, but is lying

dormant and latent, **hidden in our worldly consciousness.**

This **Divine Heritage** Of Divine Grace and Light has to be:

Awakened

Ignited

Activated

Developed and

Manifested

in our consciousness.

Man's profound intelligence has been able to develop the materialistic science to unlimited horizons of the cosmos, but is **incapable to comprehend and grasp the Science of the Soul.**

Our modern science, despite all credible achievements, is still groping for the **real purpose of life.**

Our intellectual gymnastics and earnest reasonings to prove one very abstract point, or its opposite, exude an air of **unreality.**

Such mind boggling logical exploits may be the professional philosopher's **excursion**, but definitely the common man's despair!

This Spiritual 'Science of the Soul' can only be realised and experienced through inner '**Intuition**' or the innate Divine intelligence of the Soul.

In fact, it is the **transformation and transmutation** of our consciousness, from materialistic world to the Realm of Divine Grace and Light.

Any religion or faith which **deviates, distracts and diverts** our attention and belief from the above mentioned **genesis of Divine Truth**, is a 'misnomer' and is not worth being called a religion!

The profound confusion, frustration, **unhappiness**, sorrow and misery prevailing in the world, is a **direct result** of:

misunderstanding

misconception

confusion

bigotry, and

hypocrisy

of the **so-called professed religions!**

To clear the mind of **dogmatic theological debris**, it is essential to attune it to the **Divine Vision within**, which alone can guide us **through the worldly consciousness** of the cosmos, to the **Divine Consciousness**. This is the only way to transcend the sordid (disgusting) world of the illusive Maya, and **find refuge and solace in the Divine Realm**.

The only way of salvation or freedom from the sordid, cruel butchery of 'Maya', is to **TURN BACK** and take **refuge** in the True Universal Divine Religion.

This **'turning back'** from the world of 'Maya' to the world of 'Shabad' or 'Divine Grace' is **not** a physical, intellectual or emotional process. It is essentially a process of **transformation or transmutation** of **'consciousness'** on the **'Intuitional'** plane.

This transition of transformation of our thoughts, beliefs, faith and consciousness, from the illusive, materialistic world, to the Divine Realm, is the:

True,  
The only ONE,  
Original,  
Living,  
Vibrating,  
Universal,  
Ultimate, and  
Eternal

**Divine Religion.**

In fact, it is the:

Primal  
Spontaneous  
Simple  
Natural  
Innate

**Religion – inlaid and inherited by every soul.**

Sometimes we do come across expressions of such spontaneous simple amongst simple, unlettered guileless (honest) folks, which put to shame the so-called intellectual religious professionals!

The self-realised, enlightened simplicity of human life in its own natural sympathy, labour, faith and love, is after all the **simplest and highest practical universal religion of the masses.**

But such simple, natural, spontaneous, universal religion can only be **instilled** into the consciousness of the masses by the **spiritual genius of supernatural visions of the Enlightened God-Men**, i.e. Sadh Sangat.

The humanity would be much better off, if it is **not** beguiled (lured) and confused with different, contradictory, controversial and dogmatic religions!

The 'Divine Light' or the 'Essence of Divine Grace' is called 'SHABAD' – the **word-less 'WORD'**.

Prophets and Sages may come and go, but this word-less 'WORD' is the

All engulfing,  
All pervading,  
All illuminating,  
Unchanging,

**Eternal Diving Light**, which has been enlightening and sustaining the

Cosmos, since eternity.

This same 'SHABAD' was in the beginning, during the ages, and pervades through the whole cosmos.

All the Gurus, Prophets and Sages were illuminated and possessed of this same 'SHABAD'.

We may give different names to this 'SHABAD' in various languages, but the essence of this word-less 'WORD', is the same '**Divine Grace and Light**'.

Therefore, this word-less 'WORD' or 'SHABAD' is the:

True,  
Vibrating,  
Living,  
All-illuminating,  
All-engulfing,  
All-powerful, and  
Eternal

'Guru' of the universe.

To:

Realise,  
Partake,  
Experience,

Enjoy,  
Emanate,  
Spread, and  
Glorify

the **Divine Blessings of Joy, Bliss, and Love, is the only:**

true  
basic  
original  
ultimate, and  
eternal

**Universal Divine Religion!**

Consciousness of this '**Divine Truth**' or '**Naam**' is the **core or quintessence in the 'Cosmos', around which all major religions revolve.**

All the True Religions are expressions and projections of this **basic Divine 'RELIGION OF LOVE'**, which are preached, propagated and glorified in different:

Norms,  
Forms,  
Dogmas,  
Creeds,  
Rites,  
Rituals, and  
Ceremonies

For the **upliftment and salvation of humanity.**

This inner transition of '**transformation of consciousness**', from '**Maya**' to the **Divine Realm** of Joy, Peace, Bliss, Love and Grace, is the **True, Practical, Universal Divine Religion.**

If this '**transformation of consciousness**' does not take place, and our life is not '**changed**' for the better, then '**religion**' remains:

Physical exercise,  
Mental excursion,  
Intellectual satisfaction,  
Emotional reveries,  
Obsession of mind,  
Hypothetical belief,  
Superfluous faith,  
Shallow theology,  
Dry philosophy,  
Meaningless dogmas,  
Dead rites,  
Dry rituals,  
Dreary ceremonies,

Resulting in:

Superiority complex  
Pride  
Hatred

Jealousy  
Malice  
Bigotry  
Strife  
Aggrandizement  
Enmity, and  
Hypocrisy

**in the guise of 'religion'!**

Every religion proclaims the cardinal principles of Truth, Righteousness & Love, based on the

Fatherhood of God, and  
Brotherhood of men.

The **underlying unity** between scriptures of all faiths, also bear an unmistakable testimony to the '**Universality**' of Religion.

But in actual practice, we overlook, ignore and forget the subtle '**universal aspect**' of Religion, and unconsciously slip into superfluous dogmatic aspects of religious

Differences,  
Opposition,  
Contradiction,  
Confrontation,  
Hatred,  
Strife,

Bigotry,  
Violence, etc...

Thus, we deny or belie (contradict) the subtle basic **principles of 'Religious Unity' or Universality.**

It is only the **golden thread of 'Divine Love'** which is:

All-pervading,  
All-embracing,  
All-loving,  
Eternal,  
Spontaneous,  
In-laid,  
Inherent,  
Innate,

In all hearts and souls, which govern, direct and motivate all subtle deep feelings and actions of life.

Therefore, this thread of 'Divine Love' is **essential and most potential of Universal Religion.**

In fact, a Religion cannot be called '**Universal**', without the current of '**Divine Love**'.

Usually, every religion proclaims & preaches 'Love', but it becomes:

Superfluous,

Limited,  
One-sided,  
Diluted,  
Polluted, and  
Stagnated

with bigotry and religious pride.

Stagnated water gets putrefied (mouldy) and polluted in course of time. On the other hand when it is connected to the main stream, it remains fresh and pure.

Similarly our mind, emotions and Love can be pure and fresh, so long as it is **connected to or in tune with, the main current of Divine Love.**

The consciousness of egoistic-self and sense of possession disconnects our mind from the Divine Life Stream and makes our thoughts, emotions and Love diluted, polluted and stagnant.

We sincerely love our own children, but cannot love others' with the same fervour. Similarly, **our love is biased** when we deal with people of **other faiths!**

There can be NO UNIVERSALITY in religions, unless the soul **transcends the limits of worldly consciousness and enters the subtle and purified state of 'Divine Consciousness'**. In this Supra-consciousness, the soul is **in touch, and in tune, with the Divine Consciousness**, where there is a sense of

ONE in All, and  
All in ONE,

**engulfed in the Bliss of Divine Love.**

Therefore, the

activation,  
expression,  
manifestation,  
proliferation, and  
glorification,

of **Divine Love**, in the vast cosmos is the:

original,  
primal,  
basic,  
eternal,  
practical,  
vibrating,  
living,  
True  
Universal

## 'LOVE RELIGION'.

This:

all-pervading,  
all-engulfing,  
all-loving,  
inherent,  
hidden,  
latent,  
innate

Eternal '**LOVE RELIGION**' is working:

incessantly,  
eternally,  
silently,  
imperceptibly,  
secretly,  
spontaneously,  
perfectly, and  
meticulously,

within every soul of the cosmos, for its individual evolution and emancipation.

This vibrating and blissful '**Love-Religion**' is beyond the comprehension and grasp of limited human intelligence, and needs no 'man-made':

conventions,  
dogmas,  
rites,  
rituals,  
theories,  
sermons, and  
philosophies

Hence, this Universal 'Love Religion' cannot be:

learnt,  
achieved,  
grasped, or  
imposed

through intellectual:

knowledge  
philosophies  
discussions  
research  
preachings  
theorising  
sermonising  
propagating  
austerities  
recitations  
rites  
rituals

do's, and  
don'ts.

This 'Love-Religion' is simply a

DIVINE GIFT,

from the Divine Realm, bestowed through:

company,  
guidance,  
inspiration,  
infection,  
ignition, and  
grace

of illuminated Souls, blessed with Divine Vision.

This process of:

'conversion' of the Soul -  
from ulterior dogmatic religion,  
to inner Universal 'Love Religion'

or

**'transformation of consciousness'**

from the worldly plane,  
to the super-consciousness of  
DIVINE VISION,

is going on silently, imperceptibly, incessantly but surely, through the guidance and grace of Illuminated God-men of Divine Vision, i.e. Sadh Sangat.

This natural sublime evolution of souls, goes on unconsciously and spontaneously, according to the **Law of Dispensation of Divine Grace and Love**, irrespective of religious preaching or propagation, like the natural spontaneous growth and blooming of the flower.

All this secret and sacred **Dispensation of Divine Grace and Love** is working:

incessantly  
eternally  
silently  
spontaneously, and  
perfectly,

in spite of:

1. darkest period of evolution of souls in 'KAL-YUG'

2. scarcity of real Illuminated Souls of Divine Vision in the universe
3. tremendous distraction of glittering illusive MAYA
4. neutralising and nullifying effect of the superfluous, dogmatic religious propaganda
5. malice and persecution of the Illuminated man of Vision, by the established dogmatic religions.

Flower emanates and spreads:

fragrance,  
beauty,  
colours,  
tenderness,  
kindness, and  
magnanimity

**to everyone**

unconsciously,  
spontaneously, and  
effortlessly

**without any**

condition,  
distinction,  
prejudice, and  
pride.

This process of:

accumulating,  
condensing,  
preserving,  
emanating, and  
spreading

the fragrance and beauty of the flower is the

true,  
natural,  
spontaneous,  
inlaid,  
inherent

**'religion' of the flower.**

Similarly, the Divine 'Gift of Love', in-laid and inherent in every soul, is the **fundamental True Universal Religion of man.**

This **'Love-Religion'** is the expression, projection and **dispensation** of:

Divine Grace,  
Divine Bliss,  
Divine Joy,  
Divine Light,  
Divine Love,  
Divine Compassion,

Divine Kindness, and  
Divine Kinship,

**through human heart and soul.**

With our little false 'Ego-centric consciousness', we have blocked the **incessant flow of Divine Love into our mind and thereby deprived ourselves of all the Divine Blessings of 'Love-Religion'.**

As and when we become conscious of our **Divine Heritage**, through inward **deep meditation**, and in **sublime company of Awakened and Illuminated Souls**, we **partake and enjoy the Divine Blessings**, and we shall thereby express and **emanate the Glory of Divine Love.**

Thus, the spiritual aspirant is wholly purified and engulfed by the Divine Grace and Light of His Presence, so that **no trace of:**

desire  
selfishness  
greed  
passion  
complaints  
resentment  
indignation  
malice  
discord  
prejudice  
jealousy  
anger

enmity  
revenge, and

**any other base thoughts, are left in his consciousness!**

Thus, **Divine Love** becomes:

all-knowing  
all-embracing  
all-engulfing  
all-pervading  
all-powerful  
all-absorbing  
all-intoxicating,

and the **essence of all religions.**

Therefore, the aspirant **overgrows all conventional religions**, and soars  
in the infinite skies of the Divine Realm!

His only **True, Eternal, Universal, Living Religions**, is to:

live in love,  
move in love,  
breathe in love,  
sleep in love,  
swim in love,  
soar in love,  
eat love,

drink love,  
wear love,  
think love,  
speak love,  
dream love,  
get lost in an ecstasy of love,  
become an embodiment of Love or  
'LOVE personified'!

He becomes a **'LOVE ROSE'** of the **'Divine Garden'**, unconsciously  
**emanating the Divine attributes of:**

beauty  
fragrance  
sunshine  
tenderness  
kindness  
sweetness  
forgiveness  
compassion  
magnanimity  
peace  
joy  
bliss  
grace  
Love

and thereby:

expressing,  
exalting,  
glorifying, and  
propagating

the **Glory of the LORD**, and **sharing with others** the Divine Joy, Bliss, Grace and Love.

The general public is not interested or superficially interested in religion. Even so, they adopt religion for their material gains or mental and emotional satisfaction.

Some of them do follow religion seriously for their own salvation from 'Satan', or 'Mukti'.

Even the so-called religious preachers are ignorant of-- **or conveniently indifferent to--** the esoteric spiritual religion of the soul! Although they preach, propagate and exhort about spiritual matters, through quotations from scriptures, they themselves have little or no interest, faith or conviction about the **spiritual religion of the Soul**, i.e. Divine Grace and Light or 'Naam'!!!

Therefore, the outer show and profession of '**Religiosity**' may not be a **true expression of 'spirituality'**!

We may go about as 'religious people' **without any 'spiritualism'**-- with God '**staying away**' from us!

Very few seek God **for his sake alone**.

Only a handful of aspirants, devotees do really **yearn and long for God,** and cry for **His Grace and Love.**

Both the outer dogmatic and inner spiritual aspects of religions are supposed to be **complementary and supplementary to each other,** and source of inspiration and drive for the aspiring soul.

But the ignorance or misconceptions of either or both aspects of religions, **makes them look like:**

different,  
opposite,  
contradictory,  
confrontative, and  
anti-thetic

of each-other!

The outer dogmatic aspects of religions have already been discussed, described, explained and dilated into hair-splitting details in the various scriptures and by their preachers, **in spite of which there is so much:**

misunderstanding,  
misconception,  
confusion,  
controversies,  
confrontation,

bigotry, and  
hypocrisy

amongst their followers!

If there can be so much confusion and misconception about the **outer aspects of religions**, which are amenable to our intellectual research and analysis, then, the ignorance and **misconceptions of the spiritual aspects of religion is imperative** and natural, since it is **the beyond the grasp of our intelligence**.

In the pitch darkness, there are bound to be differences and controversies about the perception of things. When the light is put ON, we get the correct perception of everything and all confusion and controversies are solved.

The intellectual has, therefore, **no authenticity of the Divine Vision** and whatever he preaches is:

vague logic,  
clever theories,  
empty ethics,  
dry philosophy,  
hypothetic faith,  
superficial convictions,  
superstitious belief, and  
dead religion.

These religious preachers live in **darkness of ignorance**, without the

## Inner Intuitional Light.

'Ignorance' does not mean ignorance of 'why' and the 'wherefore' of creation, but it is a **life lived in darkness of the 'soul'**.

Intellectual beliefs,  
arrived-at conclusions,  
made-up faiths,  
forced-in thoughts,  
logical ethics,  
imposed religions, and  
vague theories

are **artificial props of intellectual pillars, to support** a well deliberated scheme of religious life, which are only:

diseases,  
distractions, and  
hindrances

in the path of soul-evolution.

The scholars, intellectuals and religious preachers, so-called saints and self-proclaimed gurus, mis-interpret Divine Nectar of Life, i.e. 'Naam', for mere intellectual '**gargling**' so to say , while the blessed ones **sip and drink the Nectar and live intoxicated life of Divine Bliss, Joy, Peace and Love, and bask in the cosy Sunshine of Divine Presence.**

So long as we prefer to live in the darkness of **illusive MAYA**, there are

bound to be:

differences,  
misconceptions,  
controversies, and  
confusion

and what not, in all aspects of our life, **including Religion.**

All ills and miseries of humanity, **sprout from,** and are **aggravated by,** the darkness of illusive Maya i.e. the **absence of Divine Light.**

This darkness of Maya cannot be removed or **eliminated by egoistic human efforts alone.** It can only be **substituted with the Divine Light --** by the Grace of the Guru -- through the help and guidance of His Illuminated Souls -- 'Sadh Sangat'.

All scriptures have emphasized and exalted the value of 'Sadh Sangat' i.e. the **sublime company of the Blessed Souls or Saints.**

If a child gets admission in a good school and is placed under the tuition of a competent teacher, his smooth successful educational career is **assured.**

Similarly, if a student of the 'Science of Soul' finds place at the feet of Illuminated Blessed Souls, or Sadh-Sangat, **his spiritual advancement and development is assured.**

Therefore, **the most important and crucial point** for the Aspirant or

'Bhagta' is **to seek the company of Awakened and Illuminated Souls**, the Sadh-Sangat, who have been blessed with the Divine Grace and Light i.e. 'NAAM'.

The problem of spiritual life is that of **finding** truly Illuminated Souls or Sadh-Sangat.

Having found a True Guru, all we have to do, is **to surrender ourselves completely and unconditionally to him and walk the way of implicit obedience**. Nothing else is necessary. What is needed is **loving surrender** to the Guru. He is the ever-compassionate one. He awakens, **ignites and illuminates** our dormant soul with Divine Light, as we walk in the darkness of this world. He **transmutes** our senses and mind, and **purifies and illuminates** our heart. And holding us by the hand, He leads us on the path, until the curtain of illusive 'Maya' drops, the veils are removed, and we **behold** the Beloved face to face.

In the past, sages, Gurus and Prophets have been teaching the technique of **'turning inwards'**, to inspire, motivate and **re-direct** our consciousness, **back to our Divine Home** in our souls, by putting us in direct contact with the 'word-less WORD' -- the 'SHABAD' -- the Ultimate Divine Essence.

But we have **conveniently ignored and forgotten these invaluable Divine Instructions**, to our own detriment and peril!

Even now, the technique of **'turning inward'**, or transformation of consciousness, may be learned and achieved with the:

company,  
guidance,  
inspiration,  
infection,  
ignition,  
grace,

**of**

inspired,  
Awakened,  
Illuminated, and  
Blessed

Souls or Saints -- 'SADH SANGAT'.

To be blessed with the company of sublime 'Sadh-Sangat', is a rare privilege. **The very presence of such blessed souls gives more than a million books!**

Out of 'LIFE' cometh life; and true Illuminated Souls can **wake up within you**, the centre of 'LIGHT'.

For the attainment of such exalted spiritual Consciousness, the following points are most important and essential:

1. **'Sadh Sangat'**, i.e. company of Illuminated souls of Divine Vision
2. **Meditation**, i.e. Simran
3. **Loving Selfless Service**, i.e. 'SEVA'

## Chapter 3

**By: Khoji**

"Some practical advices and percepts on this subject from some Illuminated Blessed Sages and Saints may be useful in guiding the sincere spiritual **aspirants and students of the 'Science of the Soul'**."

"Minute sensitive waves of 'thought-current' are constantly and habitually scattered and wasted in the outer direction towards materialistic world, and are spent, absorbed and lost in materialism. These extroverted thought-waves have to be collected, concentrated and re-directed **inwards** -- to the Source of Divine Light i.e. our Soul"

This reverse process of mind, from 'extrovert' to 'introvert', is called 'Meditation' or 'Simran'.

The easiest process of Meditation is to concentrate the mind on the divine Word -'SHABAD' or 'GUR-MANTAR', and repeat it continuously for some minutes in the beginning.

The duration of meditation should be increased gradually with practice.

Sit in a comfortable posture, close your eyes and meditate at a fixed time, regularly everyday, morning and evening and at any other available time.

Repeat the 'Gur Mantar' in a low voice, so that you can hear the whisper of Gur Mantar, uttered by yourself. By this simple method, concentration on the 'WORD' becomes easy and smooth.

This is the preliminary technique for the beginners only. In due course, with consistent practice, the 'Gur-Mantar' will imperceptibly dissolve into 'SHABAD' i.e. the word-less 'LIVING WORD', vibrating with Sublime Thrill, Bliss, Joy and Love. At this stage, Meditation i.e. 'Simran', becomes effortless, automatic, spontaneous and enjoyable.

For the practice of concentration and meditation, the following things are essential:

silence  
solitude  
regularity  
guidance, and  
company

of Awakened and Illuminated Saints, i.e. Sadh Sangat, blessed with Divine Grace and Light."

\*\*\*\*\*

"Through meditation, you will gradually grow into harmony with Divine rhythmic vibrations, and become more and more **'god-like', magnetic and endearing to all.**

As you grow in meditation, you will find that veil after veil of illusive darkness of Maya is withdrawn, until a new revelation of the Divine Realm rises before you, with New Divine Consciousness."

\*\*\*\*\*

**"Repeat the Name of God -- again and again, as you:**

sit in a bus or train to office  
work in the kitchen or garden  
during your walks  
as you take your bath  
as you dress up  
before going to sleep  
during sleep, and  
on awakening.

**Repeat the Name** as often as you can.

**Repeat the name with love and longing in your heart and tears in your eyes.**

Take care that the repetition does not become **mechanical and boring.**"

\*\*\*\*\*

"Fasten this one 'Word', 'Gurmantar' to your heart.

Let the 'Word' go with you in your daily work and your daily life.

The 'WORD' will keep your consciousness awake.

In case of doubt, temptation or trouble, solve it with this ONE WORD!

**Repeat the WORD, until it:**

**penetrates your heart,**

**engulfs your soul,**

**'hear' it with your 'heart'!**

**'see' it in your integral intuition, and**

**your whole being becomes this ONE WORD!**

**All else is evaporated or eliminated!"**

\*\*\*\*\*

"The **reverse process of transformation of Consciousness** is a difficult and tardy work, but it **becomes easy and smooth** in the company of Illuminated and Enlightened Souls. i.e. 'Sadh-Sangat'.

As this reverse process takes place in our life, our mind is gradually **purified and spiritualised** in the 'Sadh Sangat', and becomes **amenable and conductive** to the **sublime influence** of subtle vibrations of Divine Grace and Light. At the same time the **influence of materialism is imperceptibly reduced and eliminated from our consciousness.**

The more our thoughts **are spiritualised** by sublime company or 'Sadh-Sangat' and meditation, the more they become **subtler, powerful, dynamic and magnetic** with **reflections from Divine Grace and Light.**

Ultimately, when **our soul is awakened and illuminated with Divine**

**Light, by the Grace of the Guru, we, in turn, become channel or pipe-line for the outward flow and expression of all Divine attributes of kindness, Joy, Bliss, Love, Compassion, etc."**

\*\*\*\*\*

"The **personal contact or company** is the easiest and quickest way of conveying thoughts and influencing others.

The effect of such influence of thoughts is dependant on the **intensity and conviction of one's feelings** on the one side, and the **receptibility** of the other mind.

Hence, persons of developed minds, **with deep convictions and strong faith**, can influence and infect weaker minds- with their thoughts and beliefs.

Where vocal exhortations, or intellectual propaganda **fail to leave any sustaining mark on the minds of the audience, the very presence of a dynamic enlightened personality can silently inspire and transform the lives of people** with his **penetrating dynamic spiritual rays and vibrations**, which constantly emanate from his sublime dynamic Spiritual Personality.

The same principle applies to the **intuitional writings of the Enlightened Souls**, which are ever fresh, original and soul-stirring.

If cultivated powerful mind can affect the ordinary mind so deeply on the mental and emotional plane, the Enlightened Divine Souls can also

**inspire, awaken and ignite the aspiring souls and usher them into the subtle intuitional plane of Divine Realm.**

If the laser rays or radio-active radiation can penetrate through thick metal, and the destructive flash of the 'lightening' can do so much havoc on the physical plane, the **dynamic spiritual subtle rays of Divine Vibrations-- emanating from the Dynamic Personality of a God-Man -- can also pierce the thick clouds of materialistic ideas and intellectual conceptions, and touch the Divine fringes of the soul of the aspirant and usher him into the Divine Realm.**

Thus the **silent rays of Divinity can transform the life of an aspiring soul into a spiritual 'God-Man', having been re-born into the Divine Realm.**

This is the direct way of '**introduction' of souls into the Divine Realm of Grace and Light.**

The most difficult part of it is that of finding and **recognising** Truly Enlightened Spiritual Souls or 'God-Men'

\*\*\*\*\*

"If we desire and aspire for a higher, nobler, healthier, happier life, it is essential that first of all we avoid, discard, forget or brush aside our baser ideas and thoughts at once, as soon as they sprout in our mind, and at the same time replace or substitute them with higher, nobler, inspiring thoughts by invoking the help and guidance of Guru's Grace, and seek, and imbibe sublime inspiration of Gurbani and holy company

of Awakened and Enlightened souls.

If these depraved thoughts are not forgotten or diverted **in the first instance** and are **entertained and cultivated**, they percolate and penetrate deep into our mind and sub-consciousness gradually. In course of time, they become **insidious and powerful to enslave us**, making our lives unhappy, corrupt, depraved and miserable, with a trail of baser elements of selfishness, envy, avarice, jealousy, hatred, anger, egoism, aggressiveness, wickedness, cruelty and what not".

\*\*\*\*\*

"The one thing essential of meditation is 'concentration', one-pointedness of the mind. The mind must become steady, as a flame flickers not.

The wind of worldliness disturbs our mind and makes it flicker.

There are lamps enclosed in glass cases. They are called 'hurricane lanterns'. Storms may blow outside, but they do not touch the flame. They continue to burn steady and bright.

Living in the world, as we do, our minds cannot remain steady without a **protective influence**.

This protective influence is 'Sadh-Sangat' or the fellowship with the Enlightened and Pure ones. Blessed amongst men is, who lives in the company of fellowship with the Blessed and Pure ones, who have realised the Divine Truth. They help the seeker to discipline the mind.

The unsteady, wavering, restless and doubting mind becomes steady, unflickering and faithful under the purifying influence of 'Illuminated Souls'.

When the mind is purified, a higher Centre of consciousness wakes up -- called '**Intuition**' -- with which the seeker no longer waves or doubt; he 'sees', he 'knows', he enjoys the Bliss and Joy of Divine Grace."

\*\*\*\*\*

"What is needed is the 'loving surrender' to the Master, the Guru.

The way of 'Love' is the simple way.

He, who would walk the way of Love, will also have to study the **scripture of the 'Soul'**, and on every page of the '**Soul Scripture**' is inscribed the Name of the Beloved in Celestial Light, i.e. 'SHABAD'.

He who would walk the 'Way of Love', need not torment his body, nor practice 'prana-yama', nor undertake pilgrimages to Holy places. The 'pilgrim' of the '**Way of Love**', lives and moves, and has his breath in the 'One Beloved'!

The emphasis of the '**Simple way of Love**' is on inner renunciation -- inner detachment.

Live in the midst of the world, but **be not stained** by worldliness.

Live for God,

Live With God,  
Live in God.

The pilgrim of the 'simple way of Love' moves along the pathways of Life, singing the song of the Beloved. He spreads the sunshine of Divine Bliss, Joy and Love, all around wherever he goes.

He hates none

He has malice against none

He loves all and gives out Love to everybody from his pure radiant heart

He serves all, with Love in his heart.

His aspirations are:

'Lord', I am wholly Thine, I need Thee, I love Thee.

"Keep me in Thy Service"

Thus the seeker grows in Divine Blessedness and every cell of his blood is saturated with the Nectar of God's Grace or 'NAAM', which overflows from his radiant personality."

# Universal Religion

## Conclusion

**By: Khoji**

The process of **transition of the Soul** from -- materialistic consciousness,  
to -- intuitional Divine consciousness, is called RELIGION;  
to enjoy the bliss of Divine Grace and Love is the ultimate goal of RELIGION;  
to be lost in the infatuating Divine Love is the fulfillment of the individual soul;  
to be merged in the Ocean of divinity is the destiny of the Soul.

This Universal Religion of Love is the:

all-embracing  
all-pervading  
vibrating  
living  
unchanging  
eternal, and  
innate

**Spiritual consciousness of the SOUL.**

This transformation of 'spiritual consciousness' can only be attained

with the grace of the Guru through:

contact,  
company,  
guidance,  
help,  
inspiration,  
infection, and  
ignition

of the 'Sadh Sangat' i.e. personal company of, and devotion to  
Awakened Illuminated, Blessed Souls.

But to come across True Illuminated 'Sadh Sangat' is the crucial point  
in the spiritual life of the aspirant.

There is a surfeit of so-called 'Sadhus', 'Saints', and self-proclaimed  
'Gurus' in the world, especially in India, and it is impossible for the  
aspirant to distinguish or identify the real 'Sadh Sangat' to guide his  
soul to this destiny.

So many aspiring souls have been misguided and distracted from the  
real path of spiritual goal, by these so-called 'Sadhus' and 'Gurus'.

In fact, real Illuminated Souls or God-Men are rare, and it is  
impossible for the aspirant to recognize them with his own limited and  
illusory intelligence.

Each soul is the 'Ray' of 'Divine Sun', and as such, there is an **innate**

**attraction** of the soul towards its original source, i.e. 'GOD'.

This hidden attraction or longing of the soul, for its Divine Source, is over-shadowed by **worldly** consciousness, which can be thinned away or dissolved by sincere and devotional religious 'Sadhnas'.

In the degree, this illusive shadow of Maya is removed, **the genuine innate attraction, aspiration and Love** for the Divine Consciousness, is **aroused and developed**.

At this stage, the aspirant **is not satisfied with** the outcome of dogmatic intellectual, conventional religious 'Sadhnas', and

desires,  
aspires,  
longs,  
burns, and  
cries

**for higher, sublimer, blissful and loving state of consciousness.**

It is these aspirations, longings, yearnings and cries of the aspirant for higher and sublimer experience of Divine Consciousness, **which invoke the Grace and Blessings of the LORD**, who arranges the introduction of such a yearning soul to genuine 'Sadh Sangat'.

To have the privilege and blessings of genuine 'Sadh Sangat', is the **dispensation** of love and Grace of the Lord, **in response to the inner aspirations**, longings, yearnings and cries of love of the soul.

Once the spiritual aspirant is put on a right path to Divine Consciousness, he can experience the blissful ecstasy of higher and sublimer Divine Vision, under the guidance of genuine 'Sadh Sangat'.

**'Religion'** should exude and demonstrate sublime attributes of inner **intuitional**

awareness,  
knowledge,  
wisdom,  
experience,  
realisation,  
detachment,  
renunciation,  
peace,  
joy,  
bliss,  
devotion,  
love, and  
ecstasy

of the spiritual state of Divine Consciousness, vibrating through every pore of the body, and manifested in all aspects of life.

**But, we have:**

mis-interpreted,  
mis-constructed,

abused,  
mis-used,  
debased,  
maligned, and  
denigrated

'Religion' in our daily life-pattern or conduct, which is manifested in:

selfishness,  
pride,  
hatred,  
jealousy,  
greed,  
strife,  
confrontation,  
bigotry,  
hypocrisy, and  
violence

through our thoughts and deeds, **under the cover of, or in the name of 'Religion'.**

Thus, we, the self-made religious people have unconsciously **insinuated** and element of:

doubt,  
misunderstanding,  
misconception,  
ignorance,

indifference,  
faithlessness,  
hatred, and even  
allergy

about 'Religion' in the minds of the common man!

In fact, we have ourselves **denigrated and reduced 'Religion'** to:

farce,  
ridicule,  
laughing stock,  
mockery,  
un-necessary,  
time-wasting,  
repelling,  
blasphemy, and  
hypocrisy

in our daily life, with little or superfluous faith in subjects of Religion,  
Spiritualism and God!

The world is madly running headlong into the horrible abyss of  
materialistic hell, without any hope of 'return'.

Only Illuminated, Awakened and Blessed Souls i.e. 'Sadh-Sangat', can  
save humanity from this sordid clutches of materialism, and help it in  
the **re-discovery of True Eternal Universal 'Love-Religion'**.

The essence of all religions may be summed up into the following practical 'LIFE-MOTTO'

"LOVE TOWARDS ALL  
MALICE TOWARDS NONE"

The magnetic

DIVINE-PULL

towards the individual soul is the

DIVINE GRACE,

and the spontaneous

RESPONSE

of the soul to this Divine Pull is the

ONLY

TRUE

ETERNAL

ALL-PERVADING

ALL-EMBRACING

ALL-ENGULFING

VIBRATING

LIVING

UNIVERSAL RELIGION of the Cosmos.

All religious doctrines, theories, dogmas, austerities, rites, rituals --  
are the projection and expression of this **primal** basic religion -- innate  
in every soul.

Devoid of this Divine Pull, and spontaneous response -- religion  
becomes:

dry  
dreary  
superfluous  
shallow  
showy  
meaningless  
egoistic  
hypocrisy  
farce, and  
a mockery.
